CCS Enteral Product List- February 2007

Purpose: The following is a list of enteral nutrition products that is designed to be used as a CCS case management resource. **The products listed were selected because they are current Medi-Cal benefits and also represent the most commonly used enteral nutrition products.** This list is **NOT** intended to be restrictive nor is it inclusive of all available products. It is intended to serve as a resource tool that supplements other case management tools such as, the Restricted Drug and Enteral Product Billing Units tool (located on the CCS website under tools) to obtain billing unit information.

References: CCS NL 22-0805: Enteral Nutrition Products as a CCS Benefit

How to use this list: **NDC #s listed are the most current manufacturer codes yet these codes may not be currently available in the E-47/SAR system.** The pharmacy vendor is responsible for providing an accurate product name and NDC #. ***Note*** : Start with the vendor's product name and NDC #; check the E-47/SAR system and search for a match with the name of the requested product. If you don't find a product match, check this list by product name to find the most current NDC #. On rare occasions, two NDC codes will be listed for the same product; one being current in E-47 and the second (in parenthases) is a new manufacturer code and not in E-47 as of yet. If this NDC # is not in E-47/SAR system, contact Edan Lum, CMS Pharmacist at elum@dhs.ca.gov. The manufacturer hyperlink provides an additional but OPTIONAL tool for locating NDC #s; it will take you to the manufacturer's product page. From the product page, you will need to navigate ordering/reimbursement information to locate the current product NDC #. Due to issues with the hyperlinks, the complete URL will be listed at the bottom of the tool.

Updates: Please contact Kimberly Wright, CCS San Diego Nutritionist at **kimberly.wright@sdcounty.ca.gov** for updating purposes. When you receive a request for a new or expired product and find that this list does not include the product, please email Kimberly with the omission/change so she can update the list. Routine updates will occur quarterly.

Product Name	Classification per NL 22-0805 (R=Replacement, E=Elemental, CD=Calorie Dense, NA=Nutritional Additives)	Infant, Pediatric, or Adult per Mnfr.* *May be used per prescriber's discretion.	Common Indications (Many products are not disease specific. General indications are provided.)	Product Form (P=powder, L=Liquid, C=Concentrate EA=Each)	Quantity per unit and case (to calc. monthly quantity)	Product Flavors (default flavor = vanilla)	NDC (most current # on mnfr. website) NDC #s may not match E-47/SAR system.	Mnfr. / Product List
Acerflex	R	P (>1)	Metabolic disorder:MSUD	P	454gm can; 4/case	Pineapple	49735-0100-26	Nutricia/SHS
Additions	NA	I, P, A	Inadequate nutrient intake/Increased nutritional needs	P	947gm can; 4/case	Unflavored	00065-9270-91	Nestle
Albumax	NA	A	Inadequate nutrient intake/Increased protein needs	P	480gm btl	Unflavored	66860-0612-12	Albumax
BCAD 1	R	I	Metabolic disorder:MSUD	P	454gm can; 6/case	Unflavored (vanilla scent)	00087-4060-42	Mead Johnson
BCAD 2	R	P, A	Metabolic disorder:MSUD	P	454gm/can; 6/case	Vanilla	00087-0083-41	Mead Johnson
Boost	CD	A	Inadequate calorie and nutrient intake/Increased nutritional needs	L	237ml can; 24/case	Vanilla	41679-0674-17	Novartis
						Chocolate	41679-0675-17	
						Strawberry	41679-0676-17	
						Chocolate Mocha	41679-0677-11	
						Butter Pecan	41679-0987-03	
						Chocolate Malt	41679-0670-04	
Boost Diabetic	R	A	Diabetic when food is not tolerated	L	237ml brik; 27/case	Vanilla	00212-3601-62	Novartis
						Chocolate	00212-3602-62	
						Strawberry	00212-3603-62	
Boost High Protein	CD	A	Inadequate calorie and nutrient intake/Increased protein needs	L	237ml can; 24/case	Vanilla	41679-0941-07	Novartis
						Chocolate	41679-0040-07	
						Strawberry	41679-0944-07	
					946ml can; 6/case	Vanilla	41679-0941-06	
Boost Plus	CD	A	Inadequate calorie and nutrient intake/Increased nutritional needs	L	237ml can; 24/case	Vanilla	41679-0931-11	Novartis
						Chocolate	41679-0932-11	
						Strawberry	41679-0933-04	
Boost Pudding	CD	A	Inadequate calorie and nutrient intake/Increased nutritional needs with oral motor therapy	EA	5oz (142gm) can; 48/case	Vanilla	41679-0945-03	Novartis
						Chocolate	41679-0946-03	
						Butterscotch	41679-0947-03	
Boost with Benefiber	CD	A	Inadequate calorie and nutrient intake/Increased nutritional needs/Normalize gut function	L	237ml can; 24/case	Vanilla	41679-0951-04	Novartis
						Chocolate	41679-0952-02	
						Orange Cream	41679-0157-70	
Calcilo XD	R	I	Hypercalcemia	P	400gm can; 6/case	Unflavored	70074-0003-78	Ross
Carnation Instant Breafast Juice	CD	P, A	Inadequate calorie and nutrient intake/Increased nutritional needs	L	163ml can; 24/case	Sweet Berry	00065-9050-78	Nestle
						Orange	00065-9050-77	
Carnation Instant Breafast Junior	CD	P	Inadequate calorie and nutrient intake/Increased nutritional needs	L	250ml box; 24/case	Vanilla	00065-9050-79	Nestle
						Chocolate	00065-9050-80
